RESERVED

Dearest Peggy,

I've about said everything possible in trying to make you realize how much I love you. Last year I committed myself in the Annual by saying that I was yours for the taking and now I'm telling you that it still holds true and as I feel now it will hold for years to come. Peggy, as much as I have said about your sarcasm, I still think that you're the sweetest girl there could be in this world and especially in times when things are going just right. And Peggy we're not too young to be in love. We might think we are or maybe we are to young to make it known; but as to being in love we could make a go of it. Of all the things I've ever wanted in this world it's you and only you. So please stop fighting and let's have a good time, because no matter how much you fight or how hard you hit, I'll keep getting back up. It'll be a long time before I go down for the "10" count! Next year will bring new problems to face as will probably this summer. Anyway I'm looking forward to the future and praying that everything will pan out as I've planned. And believe me I've really got it figured to last forever. Again I say I love you Darling and I will keep on loving you and everything about you. Forgive me if I try to correct you, Maybe I only want to be Boss, Ha!

All my love forever,

THEME
OUR PLACE IN THE WORLD TODAY

We wish, in this volume, to convey the idea, not only of our own progress but the progress of the other countries in the world today. We are a part of this world, it is our world and we have a place to fill.

DEDICATION

We, the class of '51, will associate many people with our school career in future years. But to one, who will stand out most vividly, we wish to give our thanks. She has helped us with our problems throughout the years by sympathy, understanding, and a sincere desire to do whatever she could. Therefore assuring her that she will always have a definite place in our memories, we, the class of '51 dedicate this MESSENGER to:

MRS. CATHERINE PENNY

FOREWORD

We the class of 1951 have come to the place in our lives when we must proceed out into the world on our own. Just what will be the place for each of us is indefinite, but with the foundation provided to us by our teachers we are better qualified to meet the demands expected of high school graduates.

Take the knowledge you have acquired, improve it widely, hold it securely, and guard it against all obstacles which may confront you. The education already acquired is a strong foundation for a growing temple, continue to build on solid ground.

It is the duty of this board to promote good citizenship and to improve public school education. We shall continue to work with them in order to acquire the basic knowledge to meet life's problems face to face.

SENIOR CLASS

THREE YEARS of long, hard studying, but three years of fun in Durham High School have come to an end for the class of '51. Under the guidance of our very capable and energetic leaders, and with the co-operation of every member of the Class, we had a very successful year. The Halloween Carnival, which helped raise money for the Class gift and other expenditures was our first project of the year. We were greatly entertained by the Juniors at the Junior-Senior Prom in the spring. The annual Senior Play went over with great success.

Classes, teachers, and friends that we have worked and played with for the past three years, our hearts are heavy and our minds sad. With the gates of the world opening wide to us, we are hoping that the forthcoming years will be as happy as the years at Durham High School.

PEACE OF MIND

We venture forth on the sea of life
A world of turmoil filled with strife.
What we diligently seek, we will surely find.
But nothing could be better than peace of mind.

The field is wide; the advantages great
Opportunities are knocking at our gate.
There is a new fight we are about to begin
But the peace that counts most must come from within.

As we travel life's roads and meet with rebuff
May we never say, "Quit, I've had enough."
But struggle on, the best to find
And then, only then, will we have that peace of mind.

The days will come when the tide is high
And the thought that enters our mind will be to die.
But we'll look to God, our Maker, who to us is handing
That peace of mind that passes all understanding.

—Peggy Farrell

CLASS PROPHECY

WHISH! BOOM! BANG!—As the jets of our rocket ship, "Homeward Bound to D. H. S.," were fired, we settled back for a short trip from our present home Mars to the planet Earth, where we were going to meet our friends of twenty years ago at the reunion of the Class of 1951. We were surprised to learn that William Gordon, one of our former classmates, was the Captain and Pilot of the ship. He said that now, after much hard work, he had fulfilled his ambition to become a space pilot. While we were enjoying our smooth trip, we were served coffee and donuts by our charming stewardess, Carolyn Little, another old friend. Within a few hours we had safely landed on Earth in Durham, North Carolina, in the United States of America. Immediately we went to a certain beloved spot on North Duke Street, the site of our Alma Mater, which, in spite of many modernistic changes, still looked the same.

The reunion was held in the Gym and was called to order by the President of the Class of 1951, Robert Hazelgrove, who was now Governor of North Carolina. The devotional was given by Phil Lewis, who at the present time was the United States Representative in the United Nations. Our former Secretary, Tracy Moon, now a star for the Philadelphia Eagles football team, called the roll of the Class with each member answering with his accomplishments of the past twenty years. From the roll call we learned that Worth Lutz, President of the United States, and Albert Long were members of the football team "Atomic Punchers," David Freeman, our jolly heavyweight was a used car salesman, and Ralph Dennis, our newsboy, was now Editor of the *Durham Morning Herald*. Mr. Dennis was ably assisted by Bessie Chronaki, his Secretary, and Mary Frances Haines, his News Editor. Miss Haines told us that Mary Lewis, Jane Morgan, and Shirley Thompson, who were now models in New York, were unable to attend because they were having a group portrait painted by that successful artist, Betty Bell.

Our classmates had also excelled in the Education field. Albert Best was now teaching Geometry at Duke University, Irving Allen was a Dramatics teacher at the University of North Carolina, Jo Ann Lee was an English teacher at Durham High, and Annie Lou Proctor was head of a modern speech school. We learned also that Carl Lowthorp was teaching Physics at Harvard and was assisted by Mary Anderson, his head Chemist. Doris Shepherd was teaching medicine at a Sanatorium which was under the supervision of the Duke University Medical School, which at the present time was directed by Robert Pullman, a noted psychiatrist. Also we heard that Jack Bowden was teaching Law at Wake Forest.

During the roll call we talked to several of our friends who had excelled in athletics. Charlie Craig was the star pitcher for the New York Yankees and Wyatt Dixon, Harold Sykes, and Garland Sauls were outstanding basketball players for the Detroit Americans. Our feminine athletes had also been outstanding—Betsy O'Kelley was the Olympic Track Champion and Eugenia Cole had broken all records by her great channel swim. Janet Fuqua was still a rabid Bull fan as ever, and by the way her husband was the catcher.

CLASS PROPHECY

After the roll call was finished, the reunion was turned over to our Vice-President, Bill Perry, a leading Durham business man, who was in charge of the program. First he introduced Delores Ellis, who was now a successful Metropolitan Opera star. Miss Ellis entertained us by her delightful rendition of "Carmen," and was accompanied at the piano by Miss Peggy Brown. Next on the program was a lively dance given by the Misses Jeanne and Jeannette Boothe, who had just completed a ballet tour of France. The dance was followed by our ventriloquist, Leslie Hummel, now a successful radio star since the retirement of Edgar Bergen. Several lovely selections were rendered by the choir directed by James Carpenter. The program was concluded by a reading given by Charles Shearon, one of the most successful actors on Broadway.

During a brief social hour we wandered through the crowd and talked to many old classmates. We saw Henry Dunlap, who, like his father, was the North Carolina License Examiner, and Jimmy Cuddy, now an Admiral in the Naval Reserve. We talked to Leroy Jennings, the Manager of Colonial Stores, Louie Bonardi, connected with the National Fruit Company of America, and Bobby Browning, the designer of the modernistic furniture.

We were standing talking to Marguerite Stapleford, a four time winner of the Camay Beauty award, when Jimmy Kornegay, the designer of ultra-modern cars for that speed-demon, Robert Jordon, walked up and told us that Pat Walton and Julian Olive were Co-Directors of the exclusive "Red Top Club." We were not surprised to see that many of our former classmates had boarded the boat on the sea of matrimony. We met Mr. and Mrs. Clinton Rogers (she was the former Carolyn Sprinkle), Mr. and Mrs. William Phillips (Mrs. Phillips was the former Shirley Oakley), and Mr. and Mrs. William Johnson (at last Peggy Herring had hooked Bill—the poor fish).

We were interrupted in our conversations by the announcement that everyone should return to his seat. After our President stated that another reunion would be held twenty years hence, the meeting was adjourned by the singing of "On D. H. S." The band which accompanied us, was composed of many classmates; among them were: Pete Browning, Leroy Rigsbee, Hulda Hawkins, and Shirley Scoggins. After bidding everyone a fond "Farewell," we were indeed sad to leave our old "Alma Mater" for our return trip home. Nevertheless, we fired our jets on the rocket ship, settled back for our journey to Mars, and dreamed of the day when once again we would return to Earth for a reunion of the Class of 1951.

JUNIOR CLASS

WE JUNIORS were prepared for a big year when we returned to Durham High in the fall. We sponsored the Student Talent Show to make possible the annual Junior-Senior Prom—the outstanding social event of the year.

We hope that next year, as Seniors, we will make our last year at Durham High School as successful as the previous two and that we shall become better prepared for the difficult situations that will face us as young citizens of America and as peace-seekers of the world.

SOPHOMORE CLASS

Who ever said that Sophomores were slow to understand the different phases of high school life? We lost no time in learning our way around and in making new friends.

Orientation Week showed us what was expected of Durham High students and how we could obtain the most from our high school career.

We were grateful for the help extended to us by upperclassmen, and we will strive in order to uphold the high standards of our Alma Mater, left to us by previous classes.

With excellent instruction provided by our faculty, we hope to become good citizens and to make this world a better place in which to live.

COOPERATIVE CLASS

This year as in past years the Co-op Class excelled in the Budget Drive, and also led in various ways in the school.

At our annual social held at Smith's Lake last October the faculty and invited guests were enjoyably entertained by the initiation of the Co-op Freshmen. At Christmas a party was held, which thus prepared us for the exams coming after Christmas. In the spring we took our annual trip, and as usual all of us had a wonderful time. Then came the big event, a social for our girls. There were forty-six members in the class this year. Thanks to Miss Maude, our adviser and founder, for making this past year one of the most colorful and eventful years and for helping to prepare us for making this world a better place to live in.

DISTRIBUTIVE EDUCATION CLASS

The D.E. Club, under the leadership of Mr. Stanley I. Craft, brought its third year to an eventful close.

In the fall ten members attended the Eastern convention in Greenville, North Carolina. At the Christmas party in December all the members had a wonderful time. In the spring of the year, nine members of the D.E. class and two other students attended the state convention at Greensboro, North Carolina.

The year was climaxed by the Bosses' Banquet, which was held in May at a local cafeteria. The presentation of a $50 college scholarship to the outstanding student brought the end of a very successful year.

ACTIVITIES

STUDENT GOVERNMENT

June brought an end to one of the most successful years in the history of the student government at D.H.S. From the very beginning, in September, our miniature democracy was working to set high standards of school citizenship, to develop ideals of democracy in the student body, and to foster student participation in school affairs. We helped the Sophomores get acquainted with our school during Orientation Week, helped publicize school events, and sponsored Open House for parents early in the year. We were always on hand to plan programs, to help prepare school records, and to help in keeping the school orderly.

In working together, we learned the lessons of co-operation that will help us find our place in the world. Balancing our work with social activities, we sponsored the Christmas dance and the annual spring dance. Under the expert guidance of Mr. C. E. Cooke and Miss Ruby Williams, advisers—with the cooperation of student leaders and the student body, 1950-51 proved a full, successful year.

MESSENGER

"Our place in the world," the unusual theme for this year's MESSENGER, was chosen in the hope that everyone at D.H.S. would not only find it interesting, but would profit by the lesson it teaches. Each one of us should realize that we will soon be stepping into an adult world, a world which we must strive to make better than ever before. Perhaps we shall be able to do this if we begin now, in school, to understand what will face us in later life.

All of the MESSENGER's staff hope that in time to come you will be able to look through the 1950-1951 yearbook and recall the many friends and experiences you had at our dear Alma Mater.

HI-ROCKET

For the second consecutive year, the Hi-Rocket had another new adviser, Mrs. Flum, who proved to be very capable and interested in the paper's success. The students and teachers of Durham High School fully realize the services which the Staff rendered. The Hi-Rocket, the paper of Durham High School, has had another outstanding year. It is a member of the C.P.S.A. and in the annual trip to the Press meeting in New York the staff received many rewards for excellence in the field of journalism. With Mary Albert Ward as editor-in-chief the staff met and co-operated with each other in writing and publishing the paper every three weeks. In the future, staffs will have to work very hard to order to achieve and to surpass the staff of '50-'51. The Hi-Rocket, which represents a part of our school, has been one of the controlling factors in helping Durham High School to achieve its place in the nation.

This year at Durham High School the Inter-Club Council, composed of the presidents of the various clubs and societies, attempted to help its members improve and keep the standards of their different organizations on a high level. Through the study of parliamentary procedure, public speaking, personality, and in regular round-table discussions, we tried to solve the problems that confronted us from time to time.

For the second year the Council sponsored the Student Directory, which was published before Christmas; we also encouraged debates among the different organizations of the school.

As a result of this year's accomplishments, we have become more fully prepared to take an active part in a democratic world.

PLAYMAKERS DRAMATICS CLUB

June brought an end to another splendid year of well-planned activities in the Playmakers Dramatics Club. We gained a great deal of enjoyment in the club, where individual participation in club programs was encouraged. Those of us who were especially interested in dramatics were given every opportunity to show our talent in the annual production or in the various entertaining programs at each meeting.

With the interest and aid of our adviser, Mrs. Lois Vick, with the co-operation of each and every member, we were successful in remaining one of the leading clubs in the school.

We hope that other schools in foreign countries have the fine opportunities to learn dramatics and profit from this field. We wish to wholeheartedly thank our able adviser, Miss Thompson, for guiding us through another successful and profitable year.

During the year each member contributed much in the presentation of debates and varying drama productions. In some way, all members participated—each working diligently on the programs. We realized that with co-operation from the beginning, we would harvest great benefits in the knowledge of the world of drama.

BROGDEN LITERARY SOCIETY

"You shall know the truth, and the truth shall make you free" states the preamble to the constitution of the Brogden Literary Society. Keeping this purpose in mind, we planned a year full of informative and entertaining programs. Although our society was divided into two groups, we were united in our aims and policies. Each society was a part of a greater group endeavoring to promote and increase the joy, understanding, and appreciation of the best in literature, in the culture of the world, and in the fellowship of its friends. Under the able guidance of Mrs. Mary Phillips and Miss Dorothy Wilson, the Brogden I and II enjoyed successful meetings, successful programs, a successful social—a successful year.

LIBRARY CLUB

THE LIBRARY CLUB has once again completed a most successful and active year. It has achieved its purpose, to create in the students of Durham High School a livelier interest in books, through various displays sponsored by the different classes each week. Our group sponsored Dr. James T. Cleland, Mrs. Irving Gray, and Miss Jane Wilson as speakers during Book Week. The club presented a school radio program, "Make Friends with Books Around the World."

To further increase the participation of students in world events, we presented a United Nations flag to the school during United Nations Week, and we sent CARE packages of books to a library in Germany. For the first time in the history of Durham High School, library assistants received credit for their work. To climax an eventful year, three delegates attended the district meeting in Oxford.

FUTURE BUSINESS LEADERS OF AMERICA

The F.B.L.A. is the national organization for students in business education. Members of this club are taught what to expect in the business world and learn many devices by which a business is run.

Some of the chief purposes of our club this year were: To develop competent business leadership, To create more interest, understanding, and co-operation in choice of occupations.

We completed a project started four years ago, which was to install a stencil cabinet in the Commercial Department.

We, the members of the club, feel that what we have learned and put into practice will prove very valuable to us as we take our place in the world.

STUDENT ART CLUB

THE WONDERS of nature can be perfectly pictured when the beautiful scenery is captured by a brush and paint. Such was the work of the Brush and Palette Club which promoted and aided students in the understanding of ancient and modern art and in attaining the real value from artistry. This year the organization studied and experimented with different styles of painting as found in various countries all over the world. The club made trips to several places and heard many speakers discuss various phases of arts—sculpture, architecture, as well as drawing and sketching. Under the leadership of a new adviser, Mr. Stars, the club developed an interest in art for other students of the school.

CAMERA CLUB

THROUGH the lens of the camera, we of the Camera Club learned much of varying topics. This is attributed to our educational programs and activities. Our numerous activities, this year 1950-1951, consisted of field trips, talks on the many phases of photography, and teaching the other members of our club the essential facts of the camera and its operation.

THE SPANISH CLUB

THIS YEAR, as in years past, "El Club Espanol" strove to create interest in Spanish-speaking countries of our world. Through studies of Spanish customs, music, and literature, we have received a wider knowledge of the Spanish countries and people, and we have come to understand them better than ever before.

We were very fortunate in having a native of Panama as a member of our club. He has helped us immensely by telling us of South American customs different from ours and by giving us a better conception of the Spanish way of life.

Under the able guidance of our adviser, Mrs. Fay Swindell, we were able to make this year a most successful one.

THE SENIOR HI-Y

THE SENIOR boys of Durham High School as in past years have maintained all the high standards set by those who came before them. They have tried to create Christian character throughout Durham High and its community. A very successful year was enjoyed by everyone under the direction of Mr. S. A. Holt. This spiritual and mental training will be of great value as Durham High takes its place among the schools of the world. We truly hope that the Senior Hi-Y will always be able to measure up to the expectations that have been set up in past years.

For the fourth consecutive year the girls prepared boxes of clothing which they sent to a Home Economics class in a German school. BAND

Band Officers—M. Weeks, R. Rhine, B. Griffin, J. Rasberry.

Our band, containing the trumpets, trombones, and drums common to any high school band anywhere in the world, contributed much to our school life. With its maroon-clad, high-stepping majorettes, the band, playing for almost every football game and pep rally, helped spark the team to victory by adding much to the enthusiastic cheering section of Durham High School. The band marched in many parades; and under the able direction of Mr. Lewis Enloe, conductor, it gave many fine concerts that appealed to everyone who heard them. The band has done a fine job this year, and we hope that it will carry on the good work for years to come.

FOOTBALL

AFTER winning the 1949 State Championship, our main goal was to maintain the clean record that we held.

Although we suffered the loss of Coach Carey Brewbaker to the Navy, our team was still one with spirit and co-operation. With the expert coaching of Mr. Elmer Barbour and Mr. Pruitt, a new coach, we went all the way to retain the Eastern Championship. We were asked to the Orange Bowl in Miami, Florida to play Miami High in a post season game.

We have all **3** *Types of Composition*

When setting type we give due consideration to the ultimate purpose . . . In deciding whether to use linotype, monotype or hand composition, we first ascertain the function of the particular piece of work. Each method was designed for a specific service, therefore initial cost is beside the question. We shall be glad to assist you in deciding which of the three will do the best job for your particular problem. Our composing room service is planned for today's demands.

Editor, Messenger,
Durham High School,
Durham, N. C.

Dear Editor:

Each year Durham High School recognizes students who have made outstanding contributions to the success of the school year. Students, who render services to the school and student body beyond what is normally expected of them are the recognized leaders of today and our hope of tomorrow. We are proud of you for having become a member of this select group, please accept our heartiest congratulations.

The production of this year's Messenger is an achievement, and a distinct credit to you and your staff. You have successfully recorded this year's activities into a Digest which will be a lasting source of satisfaction and enjoyment, and you, as Editor, will continue to receive the plaudits of your friends and classmates for years to come.

For having been selected for more than twenty consecutive years to handle the Engravings for the Messenger, we are most grateful, and in accepting this responsibility, we pledged to again produce for you Engravings of the highest pictorial value that your efforts might be enhanced and more fully appreciated.

With kindest personal regards and best wishes for your future happiness and prosperity.

I am Sincerely yours,

J. R. Pulley

Dearest Pippy,

Well, it's been twelve good years and I'm looking forward to the next four - You're a wonderful gal, Pip, and I love you loads! I'll never forget all our good times and all our parties, and I can't wait till next year - glad I'm not saying goodby, 'cause it would be awful to have to say goodby to all of you all. We've had a wonderful crowd and I hope we always remain as close as we are!

Love you always,
Sue

Dearest Peggy,

Honey, words couldn't express how much I love you. You're so cute, sweet and funny. I don't see how anyone could help but love you. I'm gonna miss ya so much next year. I'll never forget all our good times; the slumber parties, the beach and everything we've done. I'm so afraid you all will forget me next year. I sure hope not, cause I don't know what I'd do without my ole "Peggy".

All my love always,

"Mont"

Dear Sis,

If I'm going to miss any girl at D.H.S, I'll miss you a thousand times more. You are the best sister a boy could want, I only wish you really were my sister. I hope I see you a lot in the future, best of luck to you always at Duke and stick with "Red" because he is a great boy. If you find any cute girls down at Duke look me up. I'll see you in the future. I love you as much as any brother loves his sister, stay as sweet as you are now.

Love

Bobby

Peppy dear,

There are so many things that I want to say in this short space—yet I don't quite know how to begin. When we were sophomores I remember that I wrote something about being good friends during high school—remember? I can't express in any words just how much our friendship has meant to me. You were always there when I needed to you and I thank you now just as I'll thank you all my life.

We have had some pretty unusual experiences, haven't we? Remember all Monk's slumber partys? The times when our parents were out of town. The beach house partys—just everything!

Next year please don't forget me. I'm going to miss the heck out of you. Just who will I talk to about Phil? Those conversations about love & life are ones that I'll never forget.

Neither of us knows what to expect from the future. We are both awfully young (you know what I mean.) From the very bottom of my heart—I wish all the luck and happiness that the world can give. My love will always be true—seriously and you know what I mean by that too!

Much love,

Peggy
